

UPDATED SCHEDULE OF THE JAGIELLONIAN-RUTGERS CONFERENCE IN COGNITIVE SCIENCE: COGNITION & ACTION

Day 1 Thursday, 26th of June

Room 1.12

9.45-10.00 Józef Bremer, Jagiellonian University, Welcome Address

10.00-11.00 Thomas Papathomas Do visual illusions influence visuomotorbehavior? - Lessons from 3-D illusions, Chair: Marcin Szwed

11.00-11.30 Coffee Break

Section 1, Room 1.12, Chair: Konrad Werner

11.30-12.00 John Stins and Iris Schneider Postural effects of visual and kinesthetic motor imagery

12.00-12.30 Assaf Weksler Visual perspective: a philosophical challenge to vision science

12.30-13.00 Błażej Skrzypulec Two types of visual objects

13.00-14.30 Lunch

Invited Talks, Room 1.12

14.30-15.30 Edward Nęcka Self Control: a Continuing Challenge for Cognitive and Behavioral Sciences, Chair: Adam Chuderski

15.30-16.30 Józef Bremer The human body is the best picture of the human soul". Ludwig Wittgenstein and reductionist theories of mind, Chair: Ernest Lepore

16.30-17.00 Coffee Break

Section 1, Room 1.12, Chair: Stefan Florek

17.00-17.30 Matias Bulnes The True Role of Emotions in Wishful Thinking and Self-Deception

17.30-18.00 John Stins, Linda van Gelder, Laura Oudenhoven and Peter Beek Biomechanical organization of stepping depends on the timing of affective processing

18.00-18.30 Orance Mahaldar and Subhrangsu Aditya Studying Differential EEG Response to Emotionally Arousing Audio-visual Stimuli in Male and Female Audience from India

18.30-19.00 Bartosz Janik and Paweł Banaś, Neurological Basis of Bayesian Inference as Key Concept in Formation of Delusions

19.15-21.00 Poster Session & Welcome Reception

Posters

Igor Nevvazhay Tragedy and Cognition

Krzysztof Swiatek From Instrumentalism to Realism: Self-Knowledge as a Hermeneutic Process

Jan Nikadon, Joanna Gorgol, Joanna Dreszer-Drogorób and Monika Lewandowska Fractal dimension of the EEG signal and the fluid intelligence level

Sarah Owens and Susan Graham Do, uhh, disfluencies guide children's eye movements during language processing?

Jana Kuzmikova Slovak literary naturism from the point of view of cognitive literary theory

Adam Tuszyński On the applicability of the mirror neurons theory to the study of shared agency

Guglielmo Feis Believing, Intending and Trying: in Quest for Asymmetries

Miho Fuyama, Shohei Hidaka and Masaki Suwa The Continuous Measurement of Absorption in Reading Based on the Time Series of Subjective Evaluation and Heart Rates

Orance Mahaldar and Subhrangsu Aditya Studying Differential EEG Response to Emotionally Arousing Audio-visual Stimuli in Male and Female Audience from India

Elżbieta Walerich The relation between cognition and action in the conception of Henri Bergson

Michał Białek Reflection in moral judgments

Day 2 Friday, 27th of June

Invited Talks, Room 1.12

9.00-10.00 Ernest Lepore Convention and Imagination: Separating Grammar from Psychology, Chair: Józef Bremer

10.00-11.00 Matthew Stone Coherence and Meaning in Situated Dialogue, Chair: Grzegorz J. Nalepa

11.00-11.30 Coffee Break

Section 1, Room 1.12, Chair: Assaf Weksler

11.30-12.00 Víctor Fernández Castro Language, Attention and Behaviour: a pragmatic approach to the cognitive function of language

12.00-12.30 Eliot Michaelson Referential Interpretation and Referential Constraints

12.30-13.00 Una Stojnic One Man's Modus Ponens...

13.00-14.30 Lunch

Section 2, Room 1.22, Chair: Magdalena Senderecka

Meera Sunny, Neeraj Kumar and Jaison Manjaly The Effect of Temporal Unpredictability of Action Outcome on Attention Capture

Adam Chuderski An utility-based computational model of conflict-evoked executive control

Yingyi Liu and Yujing Ni The Mental Representation of Fractions: the SNARC Effect Is Not Always There

Section 2, Room 1.22, Chair: Marcin Miłkowski

Bolesław Czarnecki Parity Principle and Extended Cognition

Ada Witenberg What we can not admissibly infer from introspective report?

Juraj Hvorecky Embodied appraisals and non-emotional mental states

Michał Klincewicz The case for action-oriented time perception

Section 2, Room 1.22, Chair: Michał Klincewicz

Sara Aronowitz Reliable Forgetting

Silvia Galikova Metaphor in thinking and acting

Yingyi Liu and Yujing Ni The Access to the Magnitudes of Fractions in Fourth and Sixth Graders

Invited Talks, Room 1.12

14.30-15.30 Grzegorz J. Nalepa How much representation is needed for actions - AI dilemmas, Chair: Matthew Stone

15.30-16.30 Marcin Szwed Neural systems for reading in the sighted and in the blind, Chair: Thomas Papathomas

16.30-17.00 Coffee Break

Section 1, Room 1.12, Chair: Eliot Michaelson

17.00-17.30 Marcin Miłkowski Action-oriented representational mechanisms and abstractions

17.30-18.00 Paweł Zięba Disjunctivism and the mindreading debate

18.00-18.30 António Zilhão Is rationality cognitively meaningful?

19.30-22.00 Conference Dinner (Bus departure from Przegorzały at 19:15)

Day 3 Saturday, 28th of June

Section, Room 1.12, Chair: António Zilhão

10.00-10.30 Konrad Werner Minimal Cognition and Internal Realism

10.30-11.00 Julius Schoenherr The Explanatory Keep of Intentional State Ascriptions: Two Accounts

11.00-11.30 Katarzyna Paprzycka An Asymmetry in Intentional Omissions: An Explanation of the Knobe Effect and the Butler Problem

11.30-12.00 Caterina Ansuini, Andrea Cavallo, Cesare Bertone and Cristina Becchio Prior-intention in action: the unveiling of Mister Hyde

12.00-12.30 Michał Piekarski Can action be transcendental?

12.30-12.45 Farawell Speech

13.00-14.00 Lunch

Participants

Sara Aronowitz, University of Michigan

Paweł Banaś, Jagiellonian University

Józef Bremer, Jagiellonian University

Matias Bulnes, Graduate Center, CUNY

Víctor Fernández Castro, Universidad de Granada

Adam Chuderski, Jagiellonian University

Bolesław Czarniecki, Jagiellonian University

Andrzej Dąbrowski, University of Information, Technology and Management in Rzeszów

Guglielmo Feis, Università degli Studi di Milano

Miho Fuyama, Keio University

Silvia Galikova, University of Trnava

Khosrov Grigoryan, American University of Armenia

Juraj Hvorecky, Charles University in Prague

Bartosz Janik, Jagiellonian University

Suren Khachatryan, American University of Armenia

Michał Klincewicz, Berlin School of Mind and Brain, Humboldt-Universität

Jana Kuzmikova, Slovak Academy of Sciences

Beatrix Labadi, University of Pécs

Ernest Lepore, Rutgers University

Elena Lukyanova, Higher School of Economics, St. Petersburg

Orance Mahaldar, Ghent University

Jaison Manjaly, Indian Institute of Technology Gandhinagar

Eliot Michaelson, McGill University

Marcin Miłkowski, Polish Academy of Sciences

Grzegorz J. Nalepa, Jagiellonian University

Section 2, Room 1.22, Chair: Beatrix Labadi

Elżbieta Szymanska-Swiatek Metaphysics and Neuroscience: the Indispensability Argument

Pavel Voinov, Günther Knoblich and Natalie Sebanz Within- and cross-individual integration of spatial information

Jaison Manjaly and Neeraj Kumar Emergence of action-oriented framework and its implications in cognitive science

Igor Nevvazhay, Saratov State Law Academy

Edward Nęcka, Jagiellonian University

Jan Nikadon, Nicolaus Copernicus University

Sarah Owens, University of Calgary

Thomas Papathomas, Rutgers University

Katarzyna Paprzycka, University of Warsaw

Michał Piekarski, Cardinal Stefan Wyszyński University in Warsaw

Julius Schoenherr, University of Maryland, College Park

Błażej Skrzypulec, Jagiellonian University

John Stins, Faculty of Human Movement Sciences, Netherlands

Una Stojnic, Rutgers University

Matthew Stone, Rutgers University

Meera Sunny, Indian Institute of Technology Gandhinagar

Krzysztof Swiatek, Athabasca University

Marcin Szwed, Jagiellonian University

Elżbieta Szymanska-Swiatek, Athabasca University

Adam Tuszyński, University of Warsaw

Pavel Voinov, Central European University

Elżbieta Walerich, University of Wrocław

Assaf Weksler, The Open University, Israel

Konrad Werner, Jagiellonian University

Ada Witenberg, Jagiellonian University

Liu Ying Yi, The Chinese University of Hong Kong

Paweł Zięba, Jagiellonian University

António Zilhão, University of Lisbon
